

CARBIDE TOOLS

We can supply you a wide range of carbide products. Tube scarfing inserts are one of our speciality product. We have equivalents for 'SAAR HARTMETALL' and our prices are extremely competitive.

Milling & Turning inserts for lathe machines can also be provided with CVD & PVD coatings. Our products are designed to compete with brands like 'WIDIA' & 'SANDVIK'.

We can provide you with tool holders for all the different types of inserts we provide.
